

Academic Perinatology Rounds

Wednesday, May 3, 2017

12:00 pm

Room 2N35, 4500 Oak Street, BC Women's Hospital and Health Centre

Topic: Antenatal Midwifery Care: Reducing Prevalence of Small-for-Gestational-Age Birth and Preterm Birth for Women of Low Socioeconomic Position

**Speaker: Daphne McRae
PhD Candidate
University of Saskatchewan
Dept. of Community Health and Epidemiology**

Learning objectives:

To provide participants with

1. Information on recent developments in the field
2. Multidisciplinary perspectives
3. Critical analysis of important topics from a substantive and methodologic perspective (through presentation and discussion of Journal articles, etc)
4. A forum for discussing research ideas and research in progress

*** The Academic Perinatology Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada ***

For general questions please contact Ariadna Fernandez (afernandez@phsa.ca)

For suggestions regarding topics for future rounds please contact one of the co-leaders

Patricia Janssen (Patti.Janssen@ubc.ca) or K.S. Joseph (kjoseph@cw.bc.ca)
