

COMBINED PERINATAL ROUNDS

Wednesday, October 4, 2017

12:00 to 1:00 pm

Room 2N35

TOPIC

Post-mortem Approach to Skeletal Dysplasias

GOALS/LEARNING OBJECTIVES

- To review the role of pathology in the examination of skeletal dysplasias
- To review pertinent post-mortem findings in a selection of SD encountered at BCWH
- To appreciate the evidence-based approach to D&E specimens for “common” mid-trimester SD

PRESENTER

Dr. Jonathan Bush
Pediatric Pathologist
