## HPV SELF SAMPLING IN LOW- AND MIDDLE-INCOME COUNTRIES

Speaker: Anna Gottschlich, MPH

### Goals/Learning Objectives

1. Discuss the potential causes of the discrepancies between cervical cancer incidence and mortality rates in LMICs and HICs with a focus on Guatemala and Latin America.
2. Compare multiple cervical cancer prevention and control modalities and discuss the pros & cons of each in different settings.
3. Summarize current research investigating the acceptability and feasibility of HPV self-screening programs in multiple LMICs around the world.

"The BC Women's Research Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada"
