

# COMBINED PERINATAL ROUNDS

**Wednesday, October 18, 2017**

**12:00 to 1:00 pm**

**Room 2N35**

## TOPIC

**The Respiratory Syncytial Virus (RSV) what? ...  
and why it is an important virus that both  
neonatology and obstetrics should know about**

## GOALS/LEARNING OBJECTIVES

- To describe the BC RSV Provincial Program and efforts that are ongoing to prevent morbidity from the number one cause of hospitalization for respiratory infectious cases, including some local research
- To explore innovative solutions including immunization of infants during pregnancy

## PRESENTERS

*Dr. Pascal Lavoie, Neonatology*  
*Jennifer Claydon, Neonatology Research Manager*  
*Dr. Alfonso Solimano, Neonatology*
