

UBC
Department of Obstetrics & Gynaecology
Division of Reproductive Endocrinology & Infertility

ROUNDS

Tuesday, January 16, 2018
16:00 hours

Room F414, Shaughnessy Building
BC Women's Hospital & Health Centre

Presenter: Dr Linlea Armstrong

**Topic: Genomics in DSDs care, with attention overlaps with
fertility presentations**

Learning Objectives:

1. To review some recent DSD cohort studies which inform the role of genomics in diagnosis
2. To describe examples of the genetic overlap between DSDs and infertility
3. To discuss clinical utility of genomic diagnostics for the above
