

# OB MEDICINE ROUNDS

BC WOMEN'S HOSPITAL & HEALTH CENTRE  
Department of Medicine

**Special Presentation**

**Friday, April 20, 2018**

**1200 – 1300**

**Ultrasound Multi-purpose Room  
MPR 1T29**

**“SIM with Jayson”**

## GOALS AND LEARNING OBJECTIVES

**Background:** It has been almost a year since I took the Center For Medical Simulation – Comprehensive Instructor Workshop. This was a transformative learning experience for me and perhaps was my favourite learning experience - ever. Please join me for a relatively informal discussion as I review some pearls, posters and concepts from this course.

### **Attendees will:**

1. Review debriefing with good judgement, advocacy inquiry and key IPE simulation strategies.
2. Review posters from the Harvard simulation course that are used to entrench simulation and learning principles.
3. Be directed to the new Royal College Simulation resources
4. Be encouraged to share their simulation stories/lessons.

**PRESENTER:** Dr. Jayson Potts, Obstetric Medicine Physician

*\*\* This event is an accredited group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada \*\**
