

## Fetal and Obstetrical Imaging

**Register Today!**

### Course Description

The BC Radiological Society (BCRS) is pleased to offer this new Continuing Medical Education opportunity with a focus on fetal and obstetrical diagnostic imaging and assessments.

Perinatal BC has revised the Obstetrical Ultrasound Assessment Standards and there are many components involved including new standards for the assessment of amniotic fluid. There are also imminent changes to the assessment of markers for aneuploidy.

Referrals to the Fetal Diagnostic Service will be discussed including follow-up and pitfalls.

### Speakers

- **Kenneth I. Lim, MD, FRCSC**  
Division of Maternal Fetal Medicine, BC Women's Hospital & Health Centre
- **Sylvie Langlois, MD, FRCPC, FCCMG**  
UBC Department of Medical Genetics
- **Denise Pugash, MD, FRCPC**  
UBC Departments of Radiology and Obstetrics and Gynecology
- **Charlotte Yong-Hing, MD, FRCPC**  
BC Cancer Agency, BCRS Women's Imaging Rep

### Target Audience

The event will appeal to: General Radiologists, Obstetricians & Gynecologists, Maternal-Fetal Medicine specialists, Family Practitioners with an interest in Obstetrics, Midwives and Diagnostic Sonographers with an interest in obstetrical imaging.

### CME Credits

The following accreditation applications are pending:

- Maintenance of Certification Section 1 credits – to be advised
