The Department of Obstetrics and Gynecology, University of British Columbia, is seeking applications for a full-time clinical faculty position in the Divisions of General Gynecology and Obstetrics and Gynaecologic Specialties, based at Vancouver General Hospital and British Columbia’s Women’s Hospital. The opportunity includes a general obstetrics practice as part of a general Obstetrics group with on call responsibilities at B.C. Women’s Hospital. Gynaecologic practice and participation in gynaecology call rotation will be at Vancouver General Hospital. The anticipated start date is September 2020 or a date to be mutually agreed upon.

In addition to general obstetrics and gynaecology, we are seeking candidates with special expertise in **Paediatric and Adolescent Gynecology** including competence in management of common paediatric gynecology conditions as well as expertise in gynecologic disorders in ill children and adolescents. In addition candidates require experience in the diagnosis and management of congenital reproductive tract anomalies. It is expected that the candidate will have demonstrated additional training or significant past experience in the field of Paediatric and Adolescent Gynecology. The successful candidate will join 2 experienced paediatric and adolescent gynecologists presently providing consultative care in Paediatric and Adolescent Gynecology at B.C. Children’s Hospital at the University of British Columbia. This Paediatric and Adolescent Gynecology team provides a clinical, educational and research role in the Department of Obstetrics and Gynecology at U.B.C. Optimally, they will have experience in providing evidence-based multidisciplinary clinical care.

As a clinical faculty member within the Department of Obstetrics & Gynaecology, the successful candidate will be expected to participate in teaching and service obligations, at the discretion of their Division Head within the Department of Obstetrics and Gynaecology at UBC. The incumbent will report to the site heads of the Department of Obstetrics and Gynaecology at BCWH and VGH, and to the Division Head of Gynaecologic Specialties within the Department of Obstetrics and Gynaecology at UBC. Aptitudes of leadership, as well as commitment to research in the field of Paediatric and Adolescent Gynecology are also expected from the candidate. The candidate will be expected to contribute to the educational mandate of the department, and to participate in research projects associated with Paediatric and Adolescent Gynecology.

It is expected that the successful candidate will apply for and hold a clinical faculty appointment in the Department of Obstetrics & Gynaecology at the University of British Columbia. As a clinical faculty member, the successful candidate will be expected to involve learners in clinical activity, and participate in program development and student evaluation.

Applicants must be eligible for registration with the College of Physicians and Surgeons of British Columbia, be a Fellow of the Royal College of Physicians and Surgeons of Canada and be eligible to hold a clinical faculty appointment at UBC. This position is funded by fee for service through the Medical Services Plan of British Columbia.

We ask interested individuals to submit:
(1) a curriculum vitae;
(2) a cover letter describing their interest in the position and fit with the department;
(3) names of 4 referees.

Applications and supporting documents should be directed to:
Ms. Donna Bradley
Suite 930, 1125 Howe Street
Vancouver, BC, V6Z 2K8
The University of British Columbia is a global centre for research and teaching, consistently ranked among the top 20 public universities in the world. Since 1915, UBC’s entrepreneurial spirit has embraced innovation and challenged the status quo. UBC encourages its students, staff and faculty to challenge convention, lead discovery and explore new ways of learning. At UBC, bold thinking is given a place to develop into ideas that can change the world.

Our Vision: To Transform Health for Everyone.

Ranked among the world’s top medical schools with the fifth-largest MD enrollment in North America, the UBC Faculty of Medicine is a leader in both the science and the practice of medicine. Across British Columbia, more than 11,000 faculty and staff are training the next generation of doctors and health care professionals, making remarkable discoveries, and helping to create the pathways to better health for our communities at home and around the world.

The Faculty — comprised of approximately 2,200 administrative support, technical/research and management and professional staff, as well approximately 650 full-time academic and over 9,000 clinical faculty members — is composed of 19 academic basic science and/or clinical departments, three schools, and 24 research centres and institutes. Together with its University and Health Authority partners, the Faculty delivers innovative programs and conducts research in the areas of health and life sciences. Faculty, staff and trainees are located at university campuses, clinical academic campuses in hospital settings and other regionally based centres across the province.

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however Canadians and permanent residents of Canada will be given priority.
