THE UNIVERSITY OF BRITISH COLUMBIA

Faculty of Medicine

CAREER OPPORTUNITY

Department of Obstetrics and Gynaecology | Generalist Obstetrician and Gynaecologist

Vancouver Acute and BC Women's Hospital are seeking applications for a Job Share Generalist Obstetrician and Gynaecologist. This position will share in an established practice with Obstetrical privileges at BC Women's Hospital and Gynaecologic privileges at Vancouver Acute (Vancouver General Hospital and University of British Columbia Hospital). This position will provide hospital resources for a 0.5 FTE position at both sites. The successful applicant is required to obtain a clinical faculty appointment within the UBC Faculty of Medicine.

We are seeking a candidate with an outstanding track record in clinical and surgical Obstetrics and Gynaecology. As the successful applicant for this position, you will have certification with the Royal College of Physicians and Surgeons of Canada (RCPSC) and be eligible for licensure to practice from the College of Physicians and Surgeons of BC. The incumbent will report to the Site Department Heads of Obstetrics and Gynaecology at BC Women's Hospital (PHSA) and Vancouver Acute (VCH) for clinical and professional issues.

In particular, we are seeking an individual with a strong record of teaching excellence and a commitment to education. You will participate in educational programs in collaboration with UBC for teaching undergraduate medical students and post-graduate residents. In addition, continuing medical education for medical and other health care professionals would be expected.

As a clinical faculty member within the Department of Obstetrics & Gynaecology, the successful candidate will be expected to participate in teaching and service obligations, at the discretion of the Division Head of General Obstetrics and Gynaecology. In addition, there is an expectation of personal dedication to the Royal College's focus on lifelong learning through professional development.

This position is funded by fee for service through the Medical Services Plan of British Columbia, with stipends paid for clinical teaching. There is no direct funding provided through the UBC Department other than payment for eligible clinical teaching activities.

Applications, accompanied by a detailed curriculum vitae, a cover letter describing their interest in the position and fit with the department, and names of four references, should be directed to:

Ms. Marie Rivard
Administrative Coordinator to Head Department of Obstetrics & Gynaecology
B.C. Women's Hospital
mrivard@cw.bc.ca

Review of applications will begin on **September 30th, 2022** and continue until the position is filled. The anticipated start date for this position is **January 1st, 2023**, or upon a date to be mutually agreed.

Department of Obstetrics & Gynaecology

The **University of British Columbia** is a global centre for research and teaching, consistently ranked among the top 20 public universities in the world. Since 1915, UBC's entrepreneurial spirit has embraced innovation and challenged the status quo. UBC encourages its students, staff and faculty to challenge convention, lead discovery and explore new ways of learning. At UBC, bold thinking is given a place to develop into ideas that can change the world.

Our Vision: To Transform Health for Everyone.

Ranked among the world's top medical schools with the fifth-largest MD enrollment in North America, the **UBC Faculty of Medicine** is a leader in both the science and the practice of medicine. Across British Columbia, more than 12,000 faculty and

staff are training the next generation of doctors and health care professionals, making remarkable discoveries, and helping to create the pathways to better health for our communities at home and around the world.

The Faculty - comprised of approximately 2,200 administrative support, technical/research and management and professional staff, as well approximately 650 full-time academic and over 10,000 clinical faculty members - is composed of 19 academic basic science and/or clinical departments, three schools, and 24 research centres and institutes. Together with its University and Health Authority partners, the Faculty delivers innovative programs and conducts research in the areas of health and life sciences. Faculty, staff and trainees are located at university campuses, clinical academic campuses in hospital settings and other regionally based centres across the province.

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however Canadians and permanent residents of Canada will be given priority.
