

Academic Perinatology Rounds

Wednesday, September 13, 2023

12:00 – 1:00 pm

Hybrid Session – Room SHY **E409** and via Zoom

Zoom online meeting: <https://ubc.zoom.us/j/94466006800>

ID: 94466006800

Password: 006800

“Should gestational weight gain charts be prescriptive standards or descriptive references? The influence of pre-pregnancy, pregnancy, and postpartum factors on chart percentiles”

Presenter:

Thais Rangel MPH, PhD

Postdoctoral research fellow

Michael Smith Health Research BC Research Trainee Department of Obstetrics & Gynaecology University of British Columbia | BC Children's and Women's Hospital

Learning objectives:

To provide participants with

1. Information on recent developments in the field
2. Multidisciplinary perspectives
3. Critical analysis of important topics from a substantive and methodologic perspective (through presentation and discussion of Journal articles)
4. A forum for discussing research ideas and research in progress

NEW! This session will be recorded. The recording will be available at the following link: <https://obgyn.ubc.ca/faculty-resources/rounds/med-video-on-demand/>. Please contact rgarcia@cw.bc.ca for the password.

For suggestions regarding topics for future rounds, please contact one of the co-leaders

Patricia Janssen (Patti.Janssen@ubc.ca) or K.S. Joseph (kjoseph@cw.bc.ca)

*** The Academic Perinatology Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada ***
